

UPDATE

FALL
2006

As the excitement of a new school year builds we, at Art Quest, are putting the finishing touches on new and revised programs. We have been working this summer to prepare materials for this coming school year, 2006-07. Our newest creations are ***Animals in Art***, for pre-K–2nd grade; ***The Civil War*** for 3rd–6th grade; ***Spanish and Latino Artists*** for 5th–8th grade. We strive to produce seminars that appeal to different age groups and areas of study, such as social studies, foreign language and art.

In addition to creating new programs, our facilitators have continued their studies at Harvard, the Museum of Fine Arts, Boston and in Italy. We are also scanning our extensive slide collection with the goal of digitizing our presentations for the future.

Thank you to those of you who continue to schedule Art Quest Programs year after year. We look forward to working with you again. To those of you who have not yet booked for this coming year, please contact us soon as our calendar is filling quickly.

As always we appreciate your support of Art Quest and we, Carin, Jill, Emily and Perry look forward to hearing from you.
